

KINGDOM COME

The Mays Family

Kingdom Come is Michael, Joy, Jacob, Natalie, Elena, and Caroline Mays

Kingdom Come features Michael and Joy Mays along with four of their six children. Michael is a professionally trained tenor who has performed in many venues around the world, and has served as music minister in local churches, leading congregational worship and adult and children's choirs. Joy, an accomplished pianist, has also been blessed with a God-given talent to write beautiful Scriptural poetry, which Michael then sets to music.

Jacob, Natalie, Elena, and Caroline long for everyone they meet to know Jesus, and they do not hesitate to share His Good News with others. They enjoy this opportunity given to them to also write songs and sing in order to bring

people to the knowledge of Christ.

Our ministry's purpose is to reach people for Christ, uplift those who already have a relationship with Him, and be used to revive those who are hurting. We minister and perform for churches; youth, school and children's events; conferences; retreats; assisted living centers, senior centers, and retirement homes.

Realizing that every venue has its stylistic preferences, Kingdom Come is sensitive to serve your audience, and will certainly tailor their concert to suit your needs. Schedule Kingdom Come now for your next special event. Your people will thank you for the blessing they will have received.

What people are saying:

"...I highly recommend [Kingdom Come]... The love of Jesus radiates through this very talented family as they minister in song... It is evident that they desire to reach out and impact the lives of the audience..."

Pastor Janie Burkett, Hustburg Assembly of God Church (New Johnsonville, TN)

"I love their singing and how they bring their message to children and adults of all ages. I hired them twice and I highly recommend them."

Carol Rhines, Grace Bible Church (Dayton, TN)

"Although the immediate impact of seeing [Kingdom Come] perform may be more about the music or the skits or the Bible point, I think there is a more lasting impact, as well. For many, seeing a family working together to use their God-given gifts and talents in the local mission field will open their eyes and hearts about how they, too, can serve God, right where they are at."
Ryon McKinney, Mountain View United Methodist Church (Dayton, TN)
